

TAX-RELATED *ISSUE REVIEWS* PUBLISHED

Recently Published. The Fiscal Services Division of the LSA recently published three *Issue Reviews* related to Iowa taxpayers and taxation.

- [Federal Income Tax Statistics - Iowa Taxpayers](#): This *Issue Review* provides a summation and analysis of Internal Revenue Service (IRS) statistics for federal tax returns filed by Iowa residents for tax year 2013, with comparisons to the same data for all federal income tax filers and to tax returns filed by taxpayers in surrounding states. A breakdown of Iowa federal income tax return statistics by Adjusted Gross Income (AGI) category is also provided.
- [Taxpayer Migration](#): The IRS annually compiles information on state-to-state taxpayer migration. The IRS compares the state of residence of a taxpayer with the state of residence for the same taxpayer the previous year. This *Issue Review* presents IRS state-to-state taxpayer migration associated with Iowa, to and from all states, to and from surrounding states, and to and from states with no broad-based individual income tax.
- [State and Local Tax Revenue FY 2005 to FY 2015](#): This *Issue Review* provides a historical reporting and analysis regarding total State and local taxes collected each fiscal year in Iowa for the period of FY 2005 through FY 2015. The *Issue Review* also compares the growth in State and local taxes compared to the growth in Iowa personal income and Iowa employment.
